The Complete Google AdWords Course: Beginner to Advanced!

The main differences between the two are that Google Analytics is a free platform and AdWords is a paid one. It is an advertising tool that helps advertisers bid on their keywords and these advertisers have to pay for each click on the keyword. Google helps you by showing the keywords that are actively searched to help conversions.

Google Adwords and Analytics Tutorial For Beginners

For those who aren't yet familiar with it, AdWords is Google's online advertising program. Advertisers place their ads on Google's network so they appear for targeted search engine keywords within Google's search results and/or the search results of Google's partners. They may also appear on web content pages that accept Google ads.
