Dear Sir, I am using my Maruti 800 since last 10 yrs. Its in good condition. I replaced its battery just 1 month ago. Today I tried to start it but its engine is not starting. My driver said that its AMC is not working, which cost around 11 thousand rupees. Is it correct. Please guide me. Thanks.

### My Maruti 800 is not starting.

Check the vaccum tubes running to the carb and the distributor. Check if the advance mechanism inside the dissy is working - chances of it not working on a new dissy is not much, check anyways. Check if the sceondary butterfly in the carb is opening or not.
