Start studying lab exam respiratory. Learn vocabulary, terms, and more with flashcards, games, and other study tools. ... the partial pressure of carbon dioxide and the temperature increase due to metabolic activity in muscle fibers. Also, carbon dioxide is added via the buffering of the hydrogen ions produced as a result of lactic acid ...

lab exam respiratory Flashcards | Quizlet

The aim of this lab was to find out how activities affect the heart and breathing rate in a human. In my lab, I can easily see that the heart and breathing rate become higher during activity. My data isn't 100% reliable because that measurement that I used wasn't so good, eg. I measured for 15s and then I multiplied it by 4.

Respiration lab - Heart and breathing rate during activity ...

Check Pages 1 - 6 of Exercise 7: Respiratory System Mechanics: Activity 1: Measuring Respiratory Volumes and Calculating Capacities Lab Report in the flip PDF version. Exercise 7: Respiratory System Mechanics: Activity 1: Measuring Respiratory Volumes and Calculating Capacities Lab Report was published by viscolkanady on 2017-04-18.
